

MYRESERVE PORTAL

 **SOLARWATT**[®]
power to the people

ABOUT THE PORTAL

- The SOLARWATT portal provides information in an easy to read graphical format.
- This information is sourced from various locations within your solar system.
- The SOLARWATT portal, receives information from your inverter, the MyReserve batteries and MyReserve Battery Management System to name just a few.
- This information is then provided to you in such a way that at a glance you can see;
 - a. how much energy your solar system is producing 'Live'
 - b. what your battery status i.e. – Charging, discharging, standby and State of Charge
 - c. how much you house is consuming
 - d. plus you can see this data as history and use the export feature to download data as a .csv file.

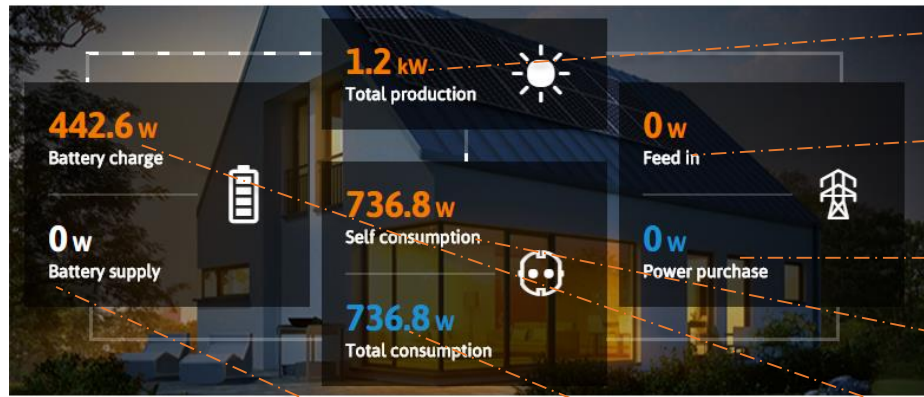

MYRESERVE PORTAL
